	Number	Percentage							
1	38	97%	Medicaid						
2	0	0%	Hawk-I						
3	0	0%	Medicare (SSI or other)						
4	0	0%	Private Insurance						
5	1	3%	No health care coverage as of June 30, 2009						
I. Health Care for Target Children									
	Number	Percentage							
1	39	100%	<b>Medical Home:</b> Established for target children and accessing						
2	39	100%	Target children with received ALL preventive health services <u>for age</u> according to the EPSDT s						
<del>XXXX</del>	<del>XXXX</del>	<del>XXXX</del>	(except Dental/Oral Health or Lead Screen)						
3	20	<del>XXXX</del>	Target children ≥ age 2 yr						
4	20	100%	Target children with immunizations according to recommended schedule by age 2						
5	0	0%	Target children with legitimate immunization exemption						
6	29	<del>XXXX</del>	Target children ≥ 12 months						
7	28	97%	<b>Lead Poisoning:</b> Number target children ≥ 12 mo. screened for Blood Lead Level (BLL)						

8	2	7%	Target children with an elevated BLL screen				
9	2	100%	Target children received or are receiving intervention for elevated BLL				
10	1	50%	Target children with BLL resolved to normal by end of FY07				
11	36	92%	<b>Developmental Screening:</b> Number of target children assessed for developmental delay per age				*2 children under 4 months 1 d/c b
<del>12</del>	<del>4</del>	<del>11%</del>	Target children with suspected/potential development delay identified				
13	4	100%	Target children with suspected/potential development delay referred to Early ACCESS				
<del>14</del>	<del>4</del>	<del>100%</del>	identified				
14	4	100%	Target children with suspected/potential development delay who participated in Early ACCESS following referral				
15	25	86%	<b>Dental Home:</b> Target children $\geq$ 12mo accessed Dental provider or I-Smile services				
16							
<del>17</del>	<del>5</del>	<del>38%</del>					
17	5	38%	Pregnant women who had $\geq$ 1 dental exam/screening prenatal				
<b>FY09 Social, Environmental, Emotional and Community</b>							
<b>J. Father (FOB) Target Child Involvement</b>							
	Number	Percentage					
1	25	56%	Families, Father of the target child (FOB) involved				
2	8	18%	Families male involved in "fatherhood role" other than FOB				

K. Child Abuse/Neglect							
	Number	Percentage					
1	2	4%	Families on caseload with confirmed child abuse/neglect prior to FY09				
For TARGET CHILD							
	Number	Percentage					
3	1	3%	Confirmed abuse/neglect of <u>target child</u>				
4	0	0%	<u>Target children</u> placed in foster home				
5	0	<del>0%</del>	Confirmed abuses of <u>target child</u> following report by HOPES-HFI				
6	1	100%	Families continued HOPES-HFI participation following confirmed abuse of <u>target child</u>				
L. Child Care for Target Child							
	Number	Percentage					
1	5	13%	In non-registered home				
2	0	0%	In a registered home				
3	15	38%	With relative/friend				
4	3	8%	In a non-licensed childcare center				
5	8	21%	In a licensed childcare center				
6	6	15%	Accepted and accessed Child Care Resource & Referral				
7	1	3%	Received DHS child care assistance				
M. Pre-School for Target Child							
	Number	Percentage					
1	12	31%	Target children $\geq$ age 3 yr				
2	7	58%	Target children age $\geq$ 3 yr enrolled in a pre-school or Head Start				
N. Family Access of Community Services							
	Number	Percentage					
1	6	13%	Accessed domestic violence/abuse services				
2	6	0%	Accessed training and voc-ed services (disability, technical training)				
3	9	20%	Accessed employment services (workforce development, unemployment)				
4	38	84%	Accessed financial/budget assistance
